SUBJECT : VORTEX ON LINE EDUCATION
MANAGEMENT SYSTEM
DATE : 15 MARCH 2011

Dear Sir/Madam

The above matter has reference.

It is with great pleasure that we at SADTU KZN announce that we are 100 % supportive of Vortex. After using it as a communications platform we then looked at the working system and we are happy to back its implementation within the province and more importantly support the National use of Vortex at all Schools.

Vortex has all the functions and ability to improve the performance of Schools, the Educators and all other Stakeholders including; Parents, School Management, The Province and more importantly benefit The Department of Basic Education on a National Level.

It is presently functioning at a few schools and the results of its performance and ability are extremely profound and positive.

In conclusion we want to encourage all our member schools to engage with Vortex as their School Management System.

Thank you for your cooperation.

Yours Comradely
